

Participation and Compliance Policy

Introduction

doctorportal Learning Pty Ltd, trading as 'CPD Home' is a jointly owned subsidiary of the Australian Medical Association (WA) Inc, and Australian Society of Anaesthetists.

CPD Home is available to non-exempt medical practitioners in Australia at www.cpdhome.org.au. It is not limited to members of the AMA.

Background

CPD Home provides Australian registered medical specialists, international medical graduates, PGY2+ trainees and non-vocationally registered medical practitioners a CPD Program of Learning (CPD Program). The CPD Home aims to provide a program that address a wide range of learning to meet the continuing professional development needs of its subscribers.

CPD Home is committed to supporting its subscribers to:

- undertake meaningful professional development
- meet their Continuing Professional Development (CPD) requirements under the Medical Board of Australia's (MBA)'s *Registration Standard: Continuing professional development* (the Standard)
- easily demonstrate that they have done so should they be audited by the MBA.

Purpose

To outline provisions for subscriber participation, compliance and non-compliance with the CPD Program and the Standard.

Objective

To make clear, that unless an exemption has been granted, participation in continuing professional development as set out in the CPD Program and the Standard is mandatory.

Scope

This policy applies to all subscribers to CPD Home.

Definitions

Please refer to the Glossary for definition(s) of terms that apply to this policy.

Policy

Participation in the CPD Program is mandatory for subscribers of the CPD Home if they are to obtain a CPD Statement of Completion. Participating subscribers, whether working full-time or part-time, are expected to meet the minimum CPD requirements of the Standard within the CPD Year.

Subscribers at the start of each year are required to write a CPD plan relevant to their scope of practice. This plan will then inform their CPD activities for that CPD year.

Subscribers recognised in more than one specialty or field of specialty practice may be required to complete specialist high-level CPD requirements set by the MBA. CPD Home aims to promote a range of CPD activities subscribers need to meet their CPD requirements via the online Catalogue. Subscribers can self-record CPD activities completed through other providers or during their working day that align with the CPD Home Program Guide. Subscribers can print or download reports as evidence of completed CPD hours during a reporting period.

Subscribers continuously absent from practice for at least 6 months and up to 12 months may be eligible under the CPD Home *Exceptional Circumstances and Special Considerations Policy* for special consideration for an exemption from, variation to, or deferral of their CPD requirements.

Where a variation or deferral of their CPD Requirements is granted, the Subscriber is expected to meet the terms of the variation or deferral.

Hours of CPD undertaken in excess of the minimum CPD hours required apply only to the CPD year in which they are completed. Excess hours undertaken in a CPD year will not be held in credit for use in a subsequent CPD year.

CPD Home respects the professionalism of our subscribers and aims to facilitate self-help mechanisms to support them in meeting their requirements. However, CPD Home recognises that at times subscribers may need some additional support. Subscribers needing additional support should in the first instance contact CPD Home by email: enquiries@cpdhome.org.au.

CPD Home will monitor subscriber progress in meeting their CPD requirements throughout the CPD Year. CPD will notify participating subscribers deemed to be at risk of not meeting their CPD Program requirements for the CPD year. Where no mitigation action is taken by the subscriber, individual support will be offered (see CPD Home Audit Policy).

In addition, CPD Home will conduct an audit of at least 5% of participating subscribers each year to confirm compliance with the CPD Program (see CPD Home Audit Policy).

Decisions about individual subscriber compliance with CPD requirements will be made in line with this policy and without bias or any conflict of interest that would impact the impartiality of the decision maker.

Compliance (where applicable)

Participating Subscribers who meet the CPD Program requirements will:

- be deemed compliant
- satisfy the Standard
- have their name and Ahpra Registration Number included in the CPD Home report to the Ahpra of compliant subscribers
- receive a CPD Home Statement of Completion.

Participating Subscribers who fail to meet their CPD requirements by 31 March of the following year will not receive a CPD Statement of Completion, nor will they be listed in the CPD Home report to Ahpra as CPD compliant for that year.

All subscribers may be audited by the MBA and CPD Home from time to time and should this occur, they will need to provide documentary evidence of the completion of CPD activities or any of any exemption granted. Subscribers are required to retain records of their annual CPD activity for three years after the end of each one-year cycle.

Subscribers should familiarise themselves with the CPD Home Reconsideration, Review and Appeals Policy should they be dissatisfied with any CPD Home determination regarding any aspect of their compliance with the CPD Home Program or the Standard.

Recency of Practice

Retired or non-practising subscribers wishing to return to medical practice should:

- familiarise themselves with the MBA Registration Standard: Recency of Practice
- be prepared to undertake additional training
- reach out to CPD Home for support in identifying relevant CPD activities
- be aware that if CPD Home does not provide the training required to support recency of practice or change of scope requirements, it will refer subscribers to one or more learning provider(s) who may be able to assist.
